## Boarding Consent Form

Please be advised that all boarded pets must be current on their vaccines in order to board at our facility. We require proof of vaccines by a licensed veterinarian prior to admission to boarding. Special consideration may be given to those pets with a documented history of vaccine reaction or with a medical condition whereby vaccinations are imprudent. Please circle which vaccinations are due and perform the necessary examinations and/or vaccinations at my expense:

In case of a medical emergency our staff will attempt to contact the owner prior to treatment. If the owner is not available, the appropriate anesthetics and medications deemed necessary by the veterinarian will be used to stabilize the animal. We also reserve the right to treat any animal in our facility for fleas and ticks to protect our patients. There may be a minimal fee for this service. For the health and safety of our staff and all boarders, a complimentary internal parasite screen (fecal flotation) will be done upon admission. **If parasites are found, you will be notified and the pet will be dewormed at your expense.**

Hours of drop off and pick up are 7:30am to 6:00pm Monday through Friday and 8:00am to 1:00pm on Saturday. Pickup outside of regular business hours is available at select times for an additional charge and must be confirmed with staff. Animals that remain more than 14 days past the designated pick up date will be turned over to Alachua County Animal Services after all attempts have been made to contact the owner.
